CME Information

CONFERENCE OBJECTIVES

The scientific program of the Annual Meeting of the Minnesota Surgical Society will provide up-to-date information for community surgeons, academic surgeons and the surgeon in training. Topics will cover a broad range of surgical practice interests including updates and advances in trauma and acute care, surgical oncology, complex GI, education, vascular surgery, pediatric surgery and surgical endocrinology. The intent of the program is to improve the quality of patient care and improve patient safety.

DISCLOSURE INFORMATION

In compliance with ACCME Accreditation Criteria, the American College of Surgeons, as the accredited provider of this activity, must ensure that anyone in a position to control the content of the educational activity has disclosed all relevant financial relationships with any commercial interest. All reported conflicts are managed by a designated official to ensure a bias-free presentation. Please see pages 6-7 of this program for the complete disclosure list.

CONTINUING MEDICAL EDUCATION CREDIT INFORMATION
